TOWN WARRANT

STATE OF NEW HAMPSHIRE

(L.S.)

To the inhabitants of the Town of Windham, in the county of Rockingham in said State, qualified to vote in the Town Affairs:

You are hereby notified to meet at Lower Town Hall in said Windham on Tuesday, the twelfth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose one member of the board of Selectmen, one Trustee of Trust Funds, one member of the Cemetery Committee, to serve for three years and all necessary Town Officers for the year ensuing.
2. To raise such sums of money, as may be necessary to defray Town Charges for the ensuing year, and make appropriation of the same.
3. To raise such sums of money as may be necessary for the repair of highways and bridges, for the ensuing year, and make appropriation of the same.
4. To see how much money the Town will raise for the observance of Memorial Day.
5. To see if the Town will vote to authorize the Selectmen and Treasurer to hire money, in anticipation of taxes, for current expenses.
6. To see if the Town will vote to accept State aid for highways for the ensuing year.
7. To see if the Town will vote to raise the sum of one hundred (\$100) dollars to blast the ledge south of C. A. Foster's near what is known as Reynolds crossing.
8. By request: To see if the Town will vote to have a suitable sign placed on the Town Hall, lettered with the name of the Town, together with date of erection of the building, if voted in the affirmative, to raise money for the same.

9. By request: To see if the Town will vote to raise the sum of two hundred (\$200) dollars for the control of white pine blister rust.

10. By request: To see if the Town will vote to appoint a Committee of five persons, who shall report to the 1930 Town meeting, with recommendation, as to the advisability of issueing an edition of Morrison's History of Windham, with a supplement brought down to date.

11. By request: To see if the Town will vote to raise and appropriate the sum of two hundred (\$200) dollars, for the improvement of the highway near Fletcher corner.

12. By request: To see what action the Town will take in having water installed in the Town Hall.

13. By request: To see if the Town will raise the sum of fifty (\$50) dollars, for the committee chosen, March 1928, to complete the work of placing signs, naming the different roads or streets of the Town.

14. To see if the Town will vote to build or purchase a building to house their road machinery, if voted in the affirmative, to raise and appropriate money for the same.

15. By request: To see if the Town will vote to raise and appropriate the sum of two hundred (\$200) dollars, for the improvement of the road leading from Henry J. Richardson's corner so called, to the residence of William F. Handschumacher.

16. By request: To see if the Town will vote to pay the Salem Electric Light Co. for the use of lights in Searles Chapel.

17. To hear the reports of Auditors, Officers and Committees heretofore chosen and pass any vote relating thereto.

Given under our hands and seal, this twenty-third day of February, in the year of our Lord nineteen hundred and twenty nine.

JOHN E. COCHRAN
MYRON C. WHEELER
GEORGE M. HAWLEY

Selectmen of Windham.

NOTICE TO PROPERTY OWNERS

In accordance with the statutes (New Hampshire Laws of 1907, Chapter 147) you are requested to take measures to suppress the brown tail moth and the gipsy moth on your premises. The law declares these insects to be a public nuisance and orders their suppression by property owners. Suppression is enforceable by law up to a cost of one-half of 1% of the tax valuation of the property concerned.

Necessary measures must be completed on or before March 20.

This notice is sent to all property owners in accordance with instructions of the Division of Insect Suppression, of the State Department of Agriculture.

The Brown Tail Moth

This pest is present in numbers on apple and pear trees and on many shade trees. Through the winter it occupies webs as big as a hen's egg, attached to the tips of twigs. All such webs should be cut off carefully, gathered up and burned.

The Gipsy Moth

The gipsy moth is found through the winter in the form of egg-masses attached to the trunks of trees, stones, piazza posts, or other locations. Each egg-mass is $\frac{3}{4}$ to $1\frac{1}{2}$ inch long, is covered with fine hairs and is the color of chamois skin. Egg-masses should be painted with creosote. Scraping them off will not destroy them, because the eggs will hatch even though lying on the ground.

Obligation of Property Owners

If the insects described above are not suppressed on or before March 20, the duly constituted authorities have the right to enter upon property and to take such measures as may be necessary. The property owner will be liable for the expense in connection with such action within the limits prescribed by law.

Signed

RALPH C. CARPENTER
WILLIAM NELLER
L. HENRY BAILEY

State of New Hampshire
FORESTRY DEPARTMENT

CONCORD

NOTICE

The early spring fire period in many sections is the most dangerous of the year, often necessitating the Governor's ban proclamation closing the woodlands. Most of these fires are caused by intentionally burning grass, brush and rubbish, and by smokers and mayflower pickers through negligence and carelessness. Never before have grass conditions made serious damage from fires more certain than this spring.

Every land owner as well as every other person should know that:

It is unlawful to kindle a fire or burn any material in or near woodland, pasture, brush, sprout, waste or cutover land, or where the fire may communicate to such land, except when the ground is covered with snow, without the written permission of the forest fire warden. Any person causing or kindling such fire without permission of the forest fire warden, when such permit is required, and also any person by whose negligence a fire shall be caused, shall be liable to the town for the expense of the warden or deputy attending or extinguishing such fire, as well as a severe penalty for violating this provision.

When a "ban" is declared, all persons except owners and agents of owners on their own land are prohibited from all lands liable to be burned over on penalty of a fine of \$50. The dropping of lighted cigarettes, matches or other substance likely to cause fire within 200 yards of any woodlands is a violation during the period of a ban. It is the duty of all land owners to help see that this requirement is enforced.

REPORT OF COMMITTEE

On Road Signs

Committee Dr.

To cash received from town.	\$100.00
Cr.	
Paid Niles Machine Co. for signs,	\$52.25

GEORGE M. HAWLEY.

Selectmen

SCHOOL WARRANT.

STATE OF NEW HAMPSHIRE.

To the Inhabitants of the School District in the Town of Windham, N. H. qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the ninth day of March, at two P. M., to act upon the following subjects.

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of other officers or agents of the district.
6. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
7. To hear the reports of Agents, Auditors, and committees, or Officers chosen and pass any vote in relation thereto.
8. To see if the district will vote to build a school house in the central part of the town that will accommodate all or a part of the pupils of the town, and raise and appropriate a sum of money, or authorize the School Board to borrow a sufficient sum of money spread over a term of years, to pay for the same.
9. To see if the district will vote to make any alterations in the amount of money required by law to be assessed for the ensuing year for the support of

public schools and the payment of the statutory obligations of the district as determined by the School Board in its annual report.

Given under our hands at said Windham this 20th day of February 1929.

LULU C. ARMSTRONG

REPORT OF THE SUPERINTENDENT OF SCHOOLS

TO THE WINDHAM SCHOOL BOARD:

I take pleasure in presenting to you my annual report as superintendent of schools. During the past year much attention has been given to an improved organization of the administrative offices. Larger quarters have been allotted in the Adams Memorial Building for clerical assistance but a smaller space has been given for supplies. This necessitates the purchase of supplies more frequently than formerly when storage space was large enough for a year's supplies. Londonderry and Derry Village now utilize the facilities of this office for administrative purposes. Notwithstanding these changes a large part of the superintendent's time has been devoted to constructive work in methods of teaching and adjusting the materials of the curriculum so as to serve better the needs of the community.

TEACHERS

Three teachers resigned last summer. Miss Anna McDonnough accepted a position in Manchester at \$1200, Miss Helen McLay went to Derry at \$1100. Mr George Robie resigned owing to the closing of No. 4 school. Miss Ellen Barr with two years experience at Colebrook and a graduate of Plymouth Normal School was elected teacher at No. 5 School. Miss Katherine Sharon was elected teacher at No. 3 school. Both of these teachers are doing very creditable work. It is more difficult for them to make their work felt because they followed such excellent teachers.

Tests in reading which have been given this year

show decided improvement over tests given six years ago. When the scores of Windham, Londonderry and Derry are combined the statistics disclose that the fourth grade improved 33%, fifth grade 25%, sixth grade 10%, seventh grade 66%, and the eighth grade 33%. The additional fact that the scores in the 1929 test are distributed over an average range which is five steps narrower show both an improvement in teaching and grading.

A more detailed account of the above and another experiment to determine the relation which the products of the rural school bears to the urban school is given in the Derry report. The result of the experiment shows that the crux of what the school produces, without considering the social values of life, is in the quality of the teachers employed. If the teachers are of equal scholarship and ability in the teaching field the products of learning will be equivalent among pupils of equal ability no matter where they are located.

The other factor of social growth cannot be so clearly defined. People who are highly endowed with the products of learning, which tests and examinations disclose, frequently are less successful from the social point of view. It is here that the large school functions to the advantage of the pupil and the community. The social growth produced by the give and take of larger numbers of pupils is a factor worthy of consideration in making a survey of the schools for the future welfare of the children.

BUILDINGS

The writer has frequently called the attention of the School Board to the necessity of having all school buildings conform to the requirements set forth by the state law relative to standard school

buildings and has suggested that a policy of remodelling one school building each year be adopted.

Without going into too great detail I call your attention to the fact that, at least in regard to ventilation, the building at Canoble Lake fails to conform to the law. I have hesitated to call the attention of the School Board to this condition because the building is an expensive one and was presumably adapted to school purposes by those who built it. The windows, however, are so high above the floor that they are not readily accessible to open and shut. Only a few of them can be opened and some of these not readily. The heat rises to the top of the room which is very high where most of it remains. There are several degrees of variation in the temperature between the floor and a point five feet higher. These conditions are aggravated by the larger number of pupils now in attendance at the school. When only ten or twelve pupils attended the school the air was not vitiated to so great an extent. With your permission I am calling the attention of the State Board of Health and the State Board of Education to this problem in order to obtain their cooperation in the designation of a proper remedy.

The suggestion incorporated in section eight of the school warrant may possibly care for this problem. A modern building, centrally located, would enable all of the pupils of the town to enjoy the many privileges of such a school together with such opportunities for social growth as are not now possible under our present system.

HEALTH REPORT.

The school nurse reports that physical examinations were made of all pupils in the fall. Parents were notified of defects some of which have already

been corrected. A number of children have been taken for diagnosis and treatment to clinics in Derry and Manchester. Other children have been examined and fitted to glasses. The Schick tests disclosed that thirty two pupils were negative to diphtheria.

Number of pupils underweight	11
having defective tonsils	
and adnoids	21
having defective eyes	5
ears	1
teeth	53
glands	2
orthopedic cases	3
communicable diseases	7
having skin diseases	6
<hr/>	
Total	109

The rules and regulations adopted by you last August have proved of great assistance to me and the teachers. They make clear to all of us our various duties.

Assuring you of my appreciation of your many courtesies and continued cooperation this report is,

Respectfully submitted,

CARL COTTON,

Superintendent of Schools.

Derry, N. H., Feb. 2, 1929.
